CAREER OBJECTIVE

Curious and motivated Computer Technology graduate with a strong interest in technology, problem-solving, and continuous learning. Equipped with foundational skills in programming, web development, and databases through academic and personal projects. Eager to contribute to innovative teams, take on real-world challenges, and grow in a dynamic professional environment. Committed to building meaningful solutions while continuously improving technical and professional capabilities.

SKILLS

- **Languages:** Python, JavaScript, SQL
- **Web Technologies:** Node.js, React, HTML, CSS, REST APIs
- **Databases:** MySQL
- **Cloud & Tools:** AWS, Git, GitHub, VS Code
- **Soft Skills:** Problem-Solving, Critical Thinking, Adaptability, Quick Learning, Time Management

PROJECTS

EventSphere — Event Ticketing Platform • Arp 2026

- Developed a full-stack event ticketing platform using React, Node.js, and MySQL, supporting multiple user roles such as Admin, Company, and Users.
- Developed dashboards for admin and companies to manage events, track bookings, and monitor basic analytics.
- Implemented ticket booking with QR code generation, supporting both free and paid events with a modern responsive UI.

GuessLab — Darkpool Prediction Market on Aptos • Nov 2025

- Built a blockchain-based prediction market where users can place bets securely, using a commit–reveal system to hide bets and prevent unfair advantages.
- Used SHA-256 hashing to keep user bets private until reveal, ensuring secure and fair participation without complex systems.
- Integrated real-time price data (BTC/ETH) using Pyth Oracle to automatically and reliably resolve market outcomes.

ACHIEVEMENTS

- Winner of a state level hackathon and finalist in 5+ others.
- Developed innovative solutions in blockchain, AI, and web technologies.

EDUCATION

BS.c in Computer Technology - (Specialization in Blockchain & Distributed Computing)

CGPA 7.4 Overall • Rathinam College of Arts & Science • Coimbatore, Tamil Nadu • Aug 2023 - May 2026

Higher Secondary Course

Obtained 77% • VAT Trust vat Matriculation school • Tiruppur, Tamil Nadu • June 2021 - May 2022

INTERESTS & HOBBIES

- Core Member, TechHub Committee: Organized tech meetups, mentorship, and product development initiatives.
- Technology Enthusiast: Attended **15+ tech events across Tamilnadu.**

CERTIFICATES

- Cyber Security (Grade A+) - IBM SkillsBuild
- Oracle Database Management – Oracle
- Virtual Internship – Quantum (GenAI Powered)
